Barford Bus Shelter Renovations

80 The three enclosed or covered bus shelters in Barford have seen many years of service and the glazing has now become opaque, with UV degradation, to the point that has become difficult for aspiring passengers to see if a bus is arriving and for bus drivers to see if anyone is waiting.

81 The proposal is to replace all the glazed panels to render the shelters fully functional again. The manufacturers, MACEMAIN + AMSTAD Ltd have provided a quotation (MC16221/10) for supply and installation totaling £6,072.80 plus VAT, which may be reduced by £815.00 if no "traffic management" services are deemed essential, hence reducing the total to £5,257.80.

82 The JPC approved this expenditure, to be drawn from JPC reserves for "Outdoor Space" s.106 funds if deemed appropriate by the RFO/WDC. The work to be instructed and executed as soon as practicable

Closure
