### Applications

19	<b>Application No:</b>	<b>W/24/0743</b>
	Description:	Demolition of existing single storey dwelling. Proposed erection of 5-bedroom dwelling and associated works including widening of dropped kerb to frontage.
	Address:	The Annexe, 26 Dugard Place, Barford, Warwick, CV35 8DX
	Applicant:	J & C Developments (Midlands) Limited
	JPC Decision:	Barford, Sherbourne & Wasperton Joint Parish Council OBJECTS to this proposal on the following grounds: 1. Adverse effect on the residential amenity of neighbours by reason of overlooking and loss of privacy for adjacent property. 2. Visual impact of the development – the design and materials used are too modern and not in keeping with surrounding area, in particular the use of standing seam metallic cladding is completely alien to the Dugard Place vernacular, which it is accepted has evolved over many years but still retains the similarities of the original design of that development. 3. Effect of the development on the character of the neighbourhood – not in keeping with the character of the village, and in particular the vernacular of Dugard Place. 5. Design – cladding materials used not sympathetic to the surrounding area. 6. Proposed development in conflict with the Barford Village Design Statement where Dugard Place is specifically named as a discrete “Zone” (Zone 3) and on Page 7 the gradual evolution is noted along with the open and spacious nature of the streetscape. On Page 13 there are Specific Design Guidelines for Dugard Place/Zone 3 which encourage “restraint”
