# mark trevorrow and the john thorn trio

With the success of *The Way We Were* on ABC Television, Australia has discovered the warmth and wit of MARK TREVORROW - the man behind the mask of comedy legend Bob Downe. And with the release of Mark's first serious album of songs, *IT'S ABOUT TIME*, a great singing talent has emerged as well. MARK TREVORROW In Concert with the John Thorn Trio is an evening which entertains, moves and surprises.
