

# **NOTICE TO ALL HALL USERS**

The Parochial Centre Hire Rates have not changed since 2006

Since then there have been considerable increased costs, especially for Electricity, Gas and Water.

Consequently the Parochial Church Council (PCC) has had to consider the hire charges for 2009.

In considering these rates it should be remembered that three years of inflation have also to be taken into account, since the last revision in 2006.

The table below shows the new hire rates set to come into effect from the 1st. May 2009.

We regret the need to apply these increased charges, but these will be applicable until further notice.
