

## DEDICATION

To Angela Kelly and Ann West, two brave ladies who, for many years, have fought a dedicated campaign against the proliferation of wind turbine developments in our beautiful rural landscapes and to John Edwards who gave up so much in support of our legal challenge.

Angela Kelly is chairperson of Country Guardian, an organisation that gave us practical help, information and moral support throughout the campaign.

Ann West is Secretary of the Radnorshire branch of CPRW.

John Edwards was a Trustee of CPRW for many years and Treasurer until 2003.
