

BARFORD CRAFT GROUP...

... update!

The Craft Group, which started in February 2024, has proved very popular over the past year and meets on **the third Wednesday each month between 10.00am 12.00 in the Village Hall.**

A wide variety of different crafts have been attempted, often led by some very talented people living in the village and sometimes bringing in teachers with more expertise such as in glass fusion and willow weaving. There have been some amazing results.

At the same time members have been knitting scarves, hats, snoods and mitts for the homeless. In December a large number were taken to two homeless centres in Leamington Spa and were very well received.

In 2025 a further variety of different crafts are planned such as Macramé, making gift boxes, collage, embroidery (and possibly mosaics and corn dolly making) to name but a few.

The classes are relaxed, social and fun and all are welcome.
