

BARFORD, SHERBOURNE & WASPERTON JPC
COVID 19 SUPPORT

WE ARE SETTING UP A SUPPORT NETWORK, TO ASSIST OUR COMMUNITY OVER THE NEXT FEW MONTHS AS WE FACE A SECOND WAVE OF THE CORONAVIRUS.

SUPPORT

We are looking to offer practical and emotional support, including collecting shopping or necessities, collecting prescriptions or just offering a regular call to ensure that someone is alright.

In offering this support, we will follow government guidelines to ensure that the risk of passing on the virus is minimised, for instance leaving shopping on doorsteps if required.

If you need help now, please call or text the following number
Tel 07407 293471 available between 9am to 6pm Monday to Saturday, and outside these hours if urgent.

Or

email us at covid19information@barford.org.uk

We will treat all information provided with care, but we may need to share aspects of it with our group of volunteers and street coordinators to enable support to be provided.

INFORMATION

Attached, on Facebook and online at the Barford Community website is some information, as to the types of support available to residents both nationally and regionally which they can access as needed.

VOLUNTEERING

We are incredibly grateful to Toby Jones and The Volunteers who supported our community during the first wave. We very much hope that many of you will continue to offer your services. If you too would like to get involved and volunteer to help, please email or telephone us as above.
