

Motif worked in a no. 20 thread with beads

This group was worked in a no. 80 thread without beads

Now here's something to play with. A useful motif which measures 4" in diameter when worked with a no. 20 thread and 2 ¼" in a no. 80. You can add beads (instructions given) or not. There are lots of different effects you can achieve by using colours in different places (try using the shoe lace trick too!). I leave it to your imagination! Joined together they could easily be the basis for a patchwork tatted project or even as snowflakes if the outside rings (R5) are enlarged slightly. Wannabe designers - here you are, use your imagination!!

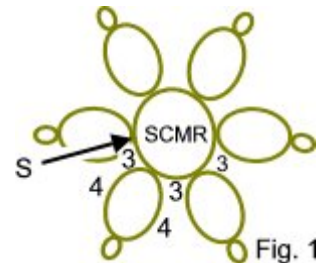

Abbreviations

Instructions between [] refer to rings on SCMR

+B with Wsh1 to p on R of row 1.
*SR: 6 / 7
R: (Wsh 2) 8 BBBB 8 (leave a enough room for joining btwn each bead on next row - see exaggerated picots on Fig. 2)
SR: (Wsh1) 6 +B (to next R on row 1) / 7
Repeat from * until round is complete and joining last SR to base of first SR. T & C

Row 3 Add 6 beads to Wsh2 before starting this row.

R1: (Wsh1) 4 + (gap between SR's on row 2) 4

*Ch: 4

R2: 6 + (p of R of row 2 btwn 1st & 2nd B) 6

Ch: 6 (LP to take 3 beads) 6

R3: 6 - 6

Ch: 12 - 3 Change to Wsh2
