

**Abbreviations**

Wsh1	working shuttle 1 (shuttle in right hand)	Wsh2	working shuttle 2 (shuttle in right hand)	+B	add bead to picot
btwn	between	SR	split ring	vsp	very small picot for joining only
Lp	long picot for webbed feet	Lj	join using working shuttle thread	T & C	tie and cut

**Skills required** - a knowledge of split rings and starting with a chain.

**Materials**

I used a no. 20 white thread on Wsh1 for the chains of the body with a cream for the chains on Wsh2. A small amount of blue or pink is needed for the sling and a non variegated pink for the baby. Also needed – one large bead for the eye of the stork and a small blue bead for the baby's eye. 2 shuttles.

**Body/Wing** - 2 shuttles with white on Wsh1
